SMT. C.Z.M. GOSRANI BCA COLLEGE

Sr. No.	BCA - SEM 1 - Computer Fundamental - MCQ - Questions
1	_____ Memory cannot be modified , It is mainly used to distribute a firmware
2	ASCII Stands for
3	Full form of RAM
4	In Computer terminology CAD is stands for
5	RAM is
6	Time Period of Third Generation Computer is
7	Which is not Computer Hardware?
8	Which is not the Characteristics of computer system
9	Which is used for telephone line?
10	Which port is used less these days and replaced by USB ports?
11	Which storage is used for temporary storage?
12	Which computer are mainly used as a server?
13	Which mouse is used without wires?
14	Which option are best example of touch screen?
15	First generation computer used
16	which is not characteristics of computer
17	_____is s raw material?
18	Chief component of first generation computer was
19	Microprocessor was introduced in
20	Which is a feature of fifth generation computers?
21	Which was the computer conceived by Babbage?
22	The arranging of data in a logical sequence is called?
23	In computer system scanner is _____ device?
24	_____ has the shortest access times.
25	Which is a read only memory storage device?
26	The total time to reach under specific sector is known as
27	Which is used in night vision cameras?
28	Which storage devices are used for temporary storage?
29	_____ used for temporary storage.
30	Which recognition technology to use read special character and symbols?
31	Dot-matrix is a type of

32	A kind of serial dot-matrix printer that forms characters with ink sprayed dots is called
33	Which is not input device
34	Which is standard input device
35	Who founded mouse?
36	Mouse is _____ device
37	Which is not a point-and-draw device?
38	Touch screen was found in the year of ____
39	Joy stick was found in the year of ____
40	Full form of VDE is _____
41	Track ball was found in _____
42	A device used for video games, flight simulators, training simulators and for controlling industrial robots.
43	Hammer is used in which device?
44	Which is not an output device?
45	Which can be used to print flax banners?
46	A printer is a
47	DPI means
48	_____ is bunch of instructions which is used to do some specific operation using some particular language.
49	_____ acts as an interface between hardware and application software
50	Pixel stands for_____.
51	Which can be used to print flax banners?
52	_____is mostly used for virtual reality system?
53	Which output device is used for translating information from a computer into pictorial form on paper?
54	To produce high quality graphics (hardcopy) in color, you would want to use a/n
55	The output quality of a printer is measured by
56	Which storage devices can store maximum amount of data?
57	Which is not a part of a digitizer?
58	Give correct full form of led.
59	Give correct full form of alu.
60	Give correct full form of cu.
61	The primary storage device is
62	The word computer comes from the word
63	1 nibble equals to

64	what is binary equivalent of hexadecimal B
65	Which is not correct number
66	Which Language that Computer can Understand & Execute?
67	1 GB =
68	1 Byte = _____ nibble.
69	Which is not positional number system?
70	Decimal equivalent of (00011001)2 is
71	A word DOT-MATRIX is one type of _____.
72	To produce high quality graphics (hardcopy) in color, you would want to use _____
73	Printing Speed can be measured in _____
74	Which options can be put under Non CRT display technology?
75	Tiny nozzles of printer head is called _____.
76	In computer system Light Pen is _____ device?
77	In computer system Speakers are _____ device?
78	full form of POS
79	The amount of time it takes for the disk to rotate until the required location on the disk reaches the read/write head.
80	FULL FORM OF MIDI
81	A disk is divided into many circular _____.
82	The time required by the read/write head to move from one track to another.
83	Full Form of CRT
84	Full Form of OLED
85	Which is Non-CRT Display Unit?
86	_____ is Microsoft online file storage service for storing data in the cloud by using its own infrastructure.
87	A type of flat panel display that uses small cells containing ionized gas that responds to electric fields
88	What are comes in category of Optical Storage Media?
89	solid-state drive is known as
90	A flat-panel display electronically modulated that uses the light-modulating properties of liquid crystals combined with polarizers.
91	Each sector stores a fixed amount of _____ for HDDs user-accessible data.
92	Each track of a magnetic disk is subdivided into _____.
93	_____ is negligible as compared to seek time and latency.
94	Full Form of FAT

95	A Round flat piece of flexible Plastic disk is encased in a square plastic or vinyl jacket cover that is called as _____.
96	A Light sensitive device that converts drawing printed text or other images into digital form is
97	Most important advantage of an IC is its
98	The device that can both feed data into and accept data from a computer is
99	A modern digital computer has
100	A pen shaped device which can sense light, and is used to point at spots on a video screen.
101	1 byte equals
102	32 bit equals
103	1 KB equals
104	Which input device convert your voice into digital form?
105	Which input device is mostly used in bank?
106	full form of PPM
107	How many function keys are there in keyboard?
108	full form of OBR
109	CPU is a processor made up of the ALU and _____.
110	UNIVAC and ENIAC computers are example of _____ generation computing devices.
111	Which characteristic is suitable for computer for the statement - Unlike human being a computer free from monotony, tiredness and lack of communication?
112	Which characteristic presents in the statement - Computer can perform various types of task at a time without any single error.
113	Nowadays, High-performance _____ computer systems are widely used in business, engineering, in manufacturing and even at home.
114	India had developed the PARAM-10000 super computer in the year _____.
115	_____ Storage does not lose the data when the device is powered down.
116	ASCII Stands for _____.
117	_____ generally used to hold the program being currently executed in the computer.
118	Full form of EPROM
119	In Computer terminology 'CAD' is stands for
120	Which is used in First generation computer?
121	Microprocessor was introduced in which generation?

122	Full form of MICR
123	Which is a Non-impact Printer?
124	Full form of LCD
125	Which input device is used to read the BAR CODE?
126	Which input device is basically used by banks to provide facility in the processing of Cheque?
127	Which device we need to edit text that has been read by scanner?
128	Which device is widely used to evaluate the multiple choice questions in education examination assessments, recruitment process or in voting system?
129	Which is a primary input device of computer?
130	The most commonly used layout for keyboard is _____.
131	Which printer provides resolution from 300 to 1200 DPI?
132	_____ Printers do not make contact with paper to produce text and graphics on paper.
133	What is Binary equivalent to Decimal 19?
134	What is Octal equivalent to Binary 1111?
135	What is Hexadecimal equivalent to Decimal 271?
136	What is Decimal equivalent to Binary 10011?
137	What is Hexadecimal equivalent to Binary 10011?
138	A _____ modulates and demodulates electrical signals sent through phone lines, coaxial cables, or other types of wiring
139	A _____ is a framework for gathering, managing, and analyzing data for the science of geography.
140	Bluetooth enable device has an individual identity in a form of _____.
141	Which type of data set is not used in GIS related software's?
142	The point data feature can be used to represent _____
143	GIS deals with which kind of data?
144	Which statements is true about the capabilities of GIS?
145	At what frequencies do Wi-Fi radios make transmissions?
146	Which is not used in Wi-Fi data transmissions?
147	WIFI stands for_____
148	A Wi-Fi enabled device can be_____
149	Full form of GIS is _____
150	GIS uses the information from which sources?
151	ATM stands for
152	CDMA as per telecommunication stands for_____.

153	Give correct full form of UPS.
154	Give correct full form of CLI
155	Sometimes shutdown is also known as
156	By right clicking the on mouse, you can see shortcut menu on screen is called_____
157	When you write something as per rules of particular command or action for a computer language, it is called as_____.
158	Which type of virus can take control when you start or boot your computer?
159	Signs which may help you identify computer viruses
160	_____ is the delivery of computing services including servers, storage, databases, networking, software, analytics, and intelligence over the Internet
161	There are _____ main service models of cloud computing.
162	Full form of IaaS
163	_____ is a digital cellular technology used for transmitting mobile voice and data services.
